

Vacancy: Ship's Mechanic

The GULDEN LEEUW is a large, sturdy sailing ship reminiscent of the 1930s with the deck layout of a classic yacht. The ship was built in 1937 and has a rich history. Nowadays, the ship is characterized by her soundness, excellent sailing capabilities and multi functionality. We sail all over the world and have a passion for sail training, corporate hospitality and education. With over 10 years of sailing experience on the world's oceans, the ship and her crew have already enjoyed numerous voyages and events and are ready to embark on new adventures. Come sailing with us and see for yourself that the ship and her crew make a voyage more than just the sum of its parts.

We offer:

- Permanent Position; leave-work schedule
- Become part of a professional and enthusiastic team.
- Special and exceptional sailing trips

Your skills:

- strong mechanical skills and troubleshooting required
- Excellent communication skills and good knowledge on the English language
- Able to work in a multicultural environment
- A flexible and motivated team player
